### TECHNICAL DETAILS

#### GENERAL INFORMATION:

The Don Evans Black Box Theatre is a flexible studio theatre space that may be set up in a number of theatrical configurations. There is a fixed grid of schedule 40 pipe arranged in roughly 4x4' squares over the entire area of the theatre. There is a white cloth cyc and a black traveler covering it 4' from the wall furthest from the entrances. There is direct access to the Scene Shop and loading dock.

The total occupancy of the room is 150 persons, including both performers and audience. In planning events, it is useful to keep in mind that the audience shares the space with the performers - there is no permanent separation between performing space and audience.

Details and specifications are subject to availability and change. For specific questions of any kind, please contact Kendall Hall's Theatre Coordinator in advance of preparing for your show.

#### Dimensions

Theater width:	41'-9"
Theatre length:	58'-3"
Grid height:	19'-0"

#### Control Booth

There is a small booth located high in the southeast corner of the room that is accessed from the second floor of Kendall Hall. Sound and lighting control are located in the booth.

### LIGHTING

#### Control

ETC Element control board with 500 channels and 40 faders

#### Circuits

### **SHARED SPACES**

The spaces below are shared between the Main Stage Theatre and the Don Evans Black Box Theatre.

#### **Loading Access**

The loading dock is 3' 11" off of the ground. Stage access is through the Scene Shop through doors that are 9'10" high by 7' 8" wide. There is a tight turn onto the stage. A 3' 0" wide aluminum ramp is available for off loading trucks that are up to 18" higher or lower than the dock. Access to the loading dock requires a sidewalk permit from Campus Police and is made via the walkway between Armstrong Hall and the Science Complex on the west side of campus.

#### **Scene Shop (KE-117)**

The Scene Shop is located adjacent to the Main Stage Theatre and the Don Evans Black Box Theatre. It opens to the loading dock and includes carpentry and paint facilities, tool storage, stock lumber storage, and freight elevator access. Note: it is NOT acoustically isolated from performance facilities.

#### **Costume Shop (KE-027)**

The Costume Shop includes separate work and storage areas. The work area is an open space with sewing and ironing facilities and is suitable for fittings, alterations, and distribution. The storage area holds the TCNJ costume inventory and laundry facilities with a washer and dryer.

#### **Scenic and Prop Storage (KE-029)**

There is a scenic and prop storage area located close to the freight elevator in the lower level of Kendall Hall. This area is filled to capacity with flats, columns, furniture, and props owned by the College and available for use in TCNJ productions.

#### **Locker / Restrooms (KE-003, KE-011, KE-005, KE-012)**

There are male and female locker rooms with adjoining restrooms and showers located in the basement within easy access of the Makeup Room. This area is fully equipped with lockers as well as changing, shower, and restroom space for up to 15 people. These rooms are shared by both theatres in Kendall Hall.

#### **Private Dressing Rooms (KE-018, KE-019)**

There are two private dressing rooms each appropriate for 2-4 people. Each contains a table and chair, a small sofa, and a sink with running water.

#### **Kendall Makeup Room (KE-016)**

The Makeup Room is configured with makeup stations and stools for more than 15 simultaneous users. There is a sink with running water and space for a few costume racks. It is shared by both theatres in Kendall Hall; it is also used for classes.
